

Chapter A205

INVESTMENT POLICY

§ A205-1. Scope.

This investment policy applies to all moneys and other financial resources available for investment on its own behalf or on behalf of any other entity or individual.

§ A205-2. Objectives.

The primary objectives of the local government's investment activities are, in priority order:

- A. To conform with all applicable federal, state and other legal requirements (legal);
- B. To adequately safeguard principal (safety);
- C. To provide sufficient liquidity to meet all operating requirements (liquidity); and
- D. To obtain a reasonable rate of return (yield).

§ A205-3. Delegation of authority.

The governing board's responsibility for administration of the investment program is delegated to the Village Treasurer who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a database or records incorporating description and amounts of investments, transaction dates, and other relevant information, and regulate the activities of subordinate employees.

§ A205-4. Prudence.

- A. All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Village of Palmyra to govern effectively.
- B. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.
- C. All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

§ A205-5. Diversification.

It is the policy of the Village of Palmyra to diversify its deposits and investments by financial institution, by investment instrument, and by maturing scheduling.

§ A205-6. Internal controls.

- A. It is the policy of the Village of Palmyra for all moneys collected by any officer or employee of the government to transfer those funds to the Village Treasurer within three days of deposit, or within the time period specified in law, whichever is shorter.
- B. The Treasurer is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management’s authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

§ A205-7. Designation of depositaries.

The banks and trust companies authorized for the deposit of moneys up to the maximum amounts are:

§ A205-8. Collateralizing of deposits.

In accordance with the provisions of General Municipal Law (GML) § 10, all deposits of the Village of Palmyra, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured:

- A. By a pledge of “eligible securities” with an aggregate “market value” as provided by GML § 10, equal to the aggregate amount of deposits from the categories designated in Appendix A to the policy.
- B. By an eligible “irrevocable letter of credit” issued by a qualified bank other than the bank with the deposits in favor of the government for a term not to exceed 90 days with an aggregate value equal to 140% of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations are rated in one of the three highest rating categories by a least one nationally recognized statistical rating organization or by a bank that is in compliance with applicable federal minimum risk-based capital requirements.
- C. By an eligible surety bond payable to the government for an amount at least equal to 100% of the aggregate amount of deposits and the agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two

nationally recognized statistical rating organizations.

§ A205-9. Safekeeping and collateralization.

- A. Eligible securities used for collateralizing deposits shall be held by the depository bank or trust company subject to security and custodial agreements.

The security agreement shall provide that eligible securities are being pledged to secure local government deposits together with agreed upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the local government to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the local government, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Village of Palmyra or its custodial bank.
- C. The custodial agreement shall provide that securities held by the bank or trust company, or agent of and custodian for the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such an agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.
